

Dear Valued ProNetExpert Customer!

**ProNet Expert is inviting its valued customers to attend a free 2 hour workshop on next generation Wireless – 802.11n**

**Free 802.11n Wireless Workshop:**

**Date:** Friday, 13<sup>th</sup> of November 2009  
**Time:** 10:00 am UK time  
**Duration:** 2 hours  
**Delivered Online**

**Content:**

- Next Generation Wireless Networking
- MIMO Technology Overview
- Changes to the Physical Layer
- Changes to the Media Access Control Layer
- 1140 & 1250 Access Points Overview

**Goal:**

Giving the delegates an overview of 802.11n technology and how businesses can benefit from next generation wireless networking. The workshop is completely free of charge. Please feel free to pass the invitation on to colleagues, friends and partners.

**Bespoke & Tailored Cisco Online Workshops**

ProNetExpert realises that especially in times of economic turmoil training budget is cut and short. Training however is necessary for companies and individuals to be able to support today's ever complex networks.

Key advantages of our 4h - 3 day Cisco Power Workshops:

- ✔ ProNetExpert's Instructors are also Consultants with a lot of real world experience.
- ✔ Candidates only focus on a specific technology on which they really need to gain knowledge on
- ✔ Employers don't lose employees for full 5 days from their business operations
- ✔ Employers save on budget by only spending training budget on a 1 day course rather than on a full week
- ✔ Our Cisco Power Workshops take place at customer premises or are being delivered remotely via WebEx
- ✔ Our tailored and customized workshops can include any technology within the following:  
Routing & Switching, Security, Voice, Service Provider, Storage Networking, Wireless & Data Centre.

**CCDE (Cisco Certified Design Expert) Written & Lab Training Courses**

We are the only Training company in the UK who can provide CCDE Training that is delivered by a CCDE Instructor. Our November 2009 Courses are both confirmed to run.

- ✔ CCDE written in London (5 days) 16.November – 20. November (£1,995 GBP + VAT)
- ✔ CCDE lab in London (10 days) 23 November – 04. December (£4,495 GBP + VAT)

**Cisco Consultancy Services**

We have some great package deals available on Cisco Consultancy at the moment.

We cover the full range of Cisco technologies and take care of any networking aspect: Design, Implementation, Operation, Management, Monitoring, Maintenance & Troubleshooting.

If you are interested in attending our free 802.11n Wireless Workshop or if any of our other services are of interest to you, then please contact your friendly ProNetExpert Team today. Call +44 (0) 20-3287-0044 or Email [sales-enquiry@pronetexpert.com](mailto:sales-enquiry@pronetexpert.com)
